

Johnson & Johnson Issues Statement on February 27 Verdict in Florida

February 27, 2020

New Brunswick, NJ - Today's verdict is at odds with the decades of evidence showing the Company acted responsibly and was guided by sound science, and we will move ahead with an appeal. Consumers can be assured that more than 40 years of independent scientific evaluations confirm that Johnson's Baby Powder is safe, does not contain asbestos and does not cause cancer.
